Russian - Native

Osiptsev Valentyn

Front-end Developer

I have many years of experience working with different web technologies, such as React, Next.js, TypeScript, Firebase, Vanilla JS, all modern state-management tools, WebSocket, Wordpress, webRTC, Gatsby.js, Netlify. I have developed various projects such as static websites, web applications, server-side rendered applications and audio/videtelephony software. I am open to new interesting projects and ready to learn new things.

Work Experience

02.2024 - Now (Full-time)

StarDevs

React Developer

Delivering features for medical app for professional doctors that help to treat food allergies. Working directly with US food allergy institute and medical facility.

06.2025 - 08.2025 (Part-time work in parallel with full-time job)

Hedgemony Labs

React/Next.js Web3 Developer

Briefly contributed to the development of startup product - advanced DeFi trading platform that provides comprehensive on-chain automation and AI-powered crypto trading solutions. The platform enables users to swap tokens, build custom trading strategies, and leverage AI analytics in a unified interface.

01.2023 - 01.2024 (Full-time)

2Meters

React Developer

Working on new features for digital queueing system. Implementing sophisticated scheduling system both on front and back end.

01.2022 - 01.2023 (Full-time)

AB Soft

JavaScript Developer

Worked on big projects using Adobe Experience Manager. Had experience of developing complex pages both static & SPA, using AEM page builder & vanilla JS. Writing and elaborating on custom utility js libraries.

06.2021 - 12.2021 (Full-time)

Coelix

React Developer

Worked on several projects, using range of different technologies: React, TypeScript, Redux, WebSocket, Janus webRTC.

01.2021 - 06.2021(Full-time)

Yappie.io

React.js/Gatsby.js Developer

Worked with Wordpress as headless cms, and React.js/Gatsby.js/Netlify to create static server-side render site with jamstack architecture.

08.2019 - 01.2021 (Full-time)

Yappie.io

Wordpress Developer

Cooperated with designer and clients to create clean interfaces and simple, intuitive interactions and experiences. Worked both on front-end and back-end.
